## AUBURN TRAP CLUB

It has been a while but the newsletter is back. We have been very busy at the club. The 5 stand wiring has gone underground, so no more wires to trip over.

The SCTP shoot was a great success with over 130 junior shooters showing up to compete. Even with trap 3 going to sleep for a while we made it through it.

Our June PITA shoot although down in number of shooters went very smooth and was enjoyed by all.

Thanks to Bernie Fox and Mike Fierro for serving a fantastic lunch.

The warehouse has been stained and looks great.

Reloading supplies are now available, shot, primers and wads.

**Don't forget our 60<sup>th</sup> year celebration fun shoot on July 11<sup>th</sup>. Come out and play games, enjoy a great lunch, and maybe gain some bragging rights.**

If any members have an event they would like to have or see at the club please contact a board member.

In these tough times we realize it is sometimes hard to come out and shoot, but ATC needs your support to continue to provide you a place to shoot. We will continue to make ATC a fun place to have a great day for the entire family.

Enjoy your Independence holiday shooting with the rest of us at Auburn Trap Club.
